

Bio for SS Jennifer Anderson – Nomination for Secretary 2nd term

Greetings Salty Sisters!

I am Jennifer Anderson and I would like to thank you for the nomination of Secretary. I have been with the Salty Sisters for 9 years. I was in the Class of 2018, also known as the Tacky Trio.

I have held a number of positions within Salties, and have fulfilled various volunteer tasks. I was the Salty Sister FWSA Delegate for 3 years holding the position of Alternate, 2nd Delegate, and 1st Delegate. I have also served as the Vice President for FWSA in 2023-2024, and President of FWSA for the 2024-2025 year. Last year I served as the Salty Sister Secretary under Mik. I have the process and kinks of being secretary worked out, so the upcoming years learning curve should be much shorter.

On the business side, I have over 30 years of international business development experience with Emerson Automation Solutions. There I lead global project pursuit teams in various industries such as petrochemical, gas & oil, and power.

I spent the last 4 and ½ month on our 46 power boat doing the Great Loop. We left St. Petersburg docks on May 8th and just recently returned from our 6200 mile boat trip. This took us up the Atlantic coast, thru New York, into Ontario, the Georgian Bay, and then back south thru Lake Michigan all the way down to Alabama. We had a fun and fast paced last few months.

I am very proud to be part of the Salty Sister organization. I am honored and privileged to be nominated as Secretary for a 2nd term. I am excited to contribute to this great organization, and I am looking forward to working along side many of you all in the upcoming 2026 year.

Thank you for the nomination.

Jennifer Anderson
